Important Announcement!

November 11, 2024

Spee-Dee Delivery is pleased to announce that we will not be implementing a rate adjustment in 2025. There will be a **ZERO PERCENT** increase on base rates and accessorials fees for parcel and pallet shipments.

Spee-Dee Delivery prides itself on offering customers an economical shipping alternative in the Midwest:

- No peak season or demand surcharges
- Simplistic and transparent pricing model
- Minimal amount of accessories, many of which do not affect the average customer
- Competitively priced additional charges

Exciting News!

We will be migrating all shippers to our new **transportation management system (TMS)** by early 2025! Spee-Dee Ship Software will sunset in the coming months. It is imperative that shippers are actively engaged to help streamline the process. Please watch for more information in the coming weeks, including simple instructions to ensure you are ready for the transition to our new TMS.

In the meantime, all software shippers will need to update to a new version prior to January 6. This will ensure shippers are utilizing the most current DAS ZIP Code list and zone chart. Updated Spee-Dee Ship Software should be available to download at www.speedeedelivery.com/update the week of December 2. If you currently use Spee-Dee Ship Software, please update ASAP once it becomes available online. If you do not have internet connectivity, you may call our IT Department at 800-862-5578 x 500 to request a USB stick to be sent to you once available. It is imperative that shippers install the new software immediately upon availability. The software will automatically change to the updated DAS ZIP Code list and zone charts on January 6.

Customers will be able to view and download the updated DAS ZIP Code list and zone charts at speedeedelivery.com/rates. Customers who'd like a zone chart to be sent to them should email requests to sales@speedeedelivery.com (be sure to include your company name, account number, and indicate whether you want to receive via email or if you prefer a hard copy). **The updated DAS ZIP Code list and zone charts will be available for customers no later than November 22.**

A reminder that we now service the Kansas City market. Stay tuned for additional information about our **Missouri and Kansas expansion plans for 2025!**

Courtesy reminder that we will be closed the following upcoming days: Thanksgiving Day (Thursday, November 28), Christmas Day (Wednesday, December 25) and New Year's Day (Wednesday, January 1).
