Spee-Dee Delivery is a regional delivery and logistics company that has served the Upper Midwest since 1978. Known for our reliable, cost-effective parcel delivery services, Spee-Dee Delivery operates within ten states including Illinois, Iowa, Kansas, Michigan, Minnesota, Missouri, Nebraska, North Dakota, South Dakota, and Wisconsin. Our company focuses on providing next-day and second-day delivery to customers of all sizes, with an emphasis on customer service, competitive rates, and regional expertise.

Spee-Dee LTL offers fast, cost-effective regional freight shipping for customers across the Upper Midwest. With reliable transit times, real-time tracking, and personalized customer service, Spee-Dee ensures efficient delivery of LTL shipments. Our extensive regional network enables next-day service to many areas, making us a trusted partner for customers seeking dependable, affordable logistics solutions with the same trustworthy service that defines our parcel operations.

Spee-Dee Logistics further enhances our company's capabilities by offering customized warehousing, fulfillment, and distribution solutions. Designed to streamline supply chains, Spee-Dee Logistics helps businesses store, manage, and ship inventory with precision and speed. Spee-Dee Logistics supports inventory management, order picking, packing, and final-mile delivery, all under one roof. This integrated approach reduces costs, improves efficiency, and offers scalability for growing businesses.

Spee-Dee Delivery's new Transportation Management System, Spee-Dee shipit *powered by Dispatch Science*, streamlines shipping with real-time tracking, easy label creation, and seamless integration. Designed for efficiency, it simplifies logistics for businesses of all sizes — enhancing accuracy, visibility, and reporting throughout the delivery process. A smarter way to ship with Spee-Dee.

Together, Spee-Dee Delivery, Spee-Dee LTL, and Spee-Dee Logistics form a comprehensive logistics network tailored to the unique needs of regional customers. Our services are rooted in a deep understanding of the Midwest market, offering an alternative to national carriers with more localized, responsive service. Whether delivering a single package, a pallet of freight, or managing end-to-end logistics, Spee-Dee provides consistent, dependable solutions that keep Midwest commerce moving.
