

SPEE-DEE

DELIVERY SERVICE, INC.

SHIPMENT WEIGHT SERVICE

Rates effective January 5, 2026

This service is designed for heavy shipments weighing **200 lbs. and greater**. Shipment Weight is a service that is available to all Spee-Dee Customers. The following is an explanation of how the service works and its accompanying guidelines.

REQUIREMENTS

All shipments **MUST** be recorded in Spee-Dee shipit or a compliant manifest system.

Deficit billing is allowed

Minimum billing weight is 200 pounds per shipment.

No minimum amounts apply.

No single package may exceed 100 lbs.

Only one COD per shipment.

RATES

To make this service more streamlined, rates for this service are not based on class, commodities, or tier pricing.

SHIPMENT WEIGHT RATES		ZONES				
Rate per hundred pounds	Shipment Billed Weight	2	3	4	5	6
	200 to 499 pounds	\$29.27	\$36.20	\$38.10	\$45.93	\$57.70
	500 pounds or more	\$25.28	\$31.48	\$33.10	\$40.00	\$50.07

Example: A Zone 2 shipment weighing 230 pounds is calculated by taking the total shipment weight (230) divided by 100 = 2.3, multiplied by the appropriate per hundred-pound rate \$29.27, resulting in charges of \$67.32.

(Charges based on rates effective January 5, 2026)
